

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

A drug shall be deemed misbranded—

(a) If it is an imitation or offered for sale under the distinctive name of another article.

(b) If the contents of the package as originally put up shall have been removed, in whole or in part, and other contents shall have been placed in such package, or if the package fails to bear a statement, on the label thereof, of the quantity or proportion of any alcohol, morphine, opium, cocaine, heroin, alpha or beta eucaine, chloroform, cannabis indica, chloral hydrate, or acetanilid, or any derivative or preparation of any such substances contained therein.

(c) If the package or label bear or contain any statement, design, or device, regarding the drug or its ingredients, or regarding its or their action on diseased conditions, which statement, design, or device shall be false or misleading in any particular.

(d) If a box, bottle, or package containing virus, therapeutic serum, toxin, antitoxin, or analogous product, fails to bear on the outside thereof, conspicuously, clearly, and legibly set forth in English the proper name of the substance therein contained, the name and address of the person, persons, firm, or corporation by whom or by which the said substance has been prepared, the date beyond which the said substance can not be reasonably expected to produce the result or results for which it has been prepared, and (if such license shall have been obtained) the United States license number of the establishment in which the said substance has been prepared; and, in the case of diphtheria and tetanus antitoxin, if the box, bottle, or package containing such antitoxin shall fail to bear on the outside thereof conspicuously, clearly, and legibly set forth, in English, the value of the contents thereof as an antitoxin, which value shall be measured according to and stated in the terms of some generally recognized standard.

(e) If any proprietary or patent medicine to which the provisions of section 117 of this code relate shall fail to contain every ingredient the name of which shall have been filed in the department of health, pursuant to said section 117 of this code as a constituent part of said medicine; or if such proprietary or patent medicine shall contain any ingredient the name of which is required by the provisions of section 117 of this code to be filed in the said department which name has not been so filed. (S. C., sec. 69.) [The provisions of subdivision (e) were effective Dec. 31, 1915.]

**Habit-Forming Drugs—Disposition of, by Department of Health When Confiscated.**  
(Reg. Dept. of H., Aug. 24, 1915.)

*Resolved*, That the following additional section, to be known as section 127 of the Sanitary Code, be, and the same is hereby, adopted:

SEC. 127. *Habit-forming drugs; disposing of confiscated.*—All cocaine, eucain, and other drugs and substances embraced within the scope of section 1746 of the penal law and all chloral, opium, morphine, heroin, codein, and other drugs and substances embraced within the scope of article 11a of the public-health law, of which the police department shall have taken possession pursuant to the provisions of said section 1746 of the penal law or said article 11a of the public-health law shall, when no longer required for the purposes of prosecution or held pursuant to an order of the court, be turned over to the department of health, and shall be destroyed or otherwise disposed of by the said department as the board of health shall direct.

**Proprietary Medicines—Names of Ingredients Required to Be Registered with Department of Health.** (Reg. Dept. of H., Oct. 26, 1915.)

*Resolved*, That section 117 of the Sanitary Code be, and the same is hereby, amended and made to read as follows:

SEC. 117. *Regulating the sale of proprietary and patent medicines.*—No proprietary or patent medicine manufactured, prepared, or intended for internal human use shall
